

CUSTOM AIR COOLERS

ENGINEERED AIR-COOLED HEAT EXCHANGERS
A Division of Super Radiator Coils

Custom Air Coolers, a division of Super Radiator Coils is an expansion of the Super Radiator Coils product, offering engineered air-cooled heat exchangers. By adding components to our core heat exchangers, we can offer turn key engineered solutions.

Our philosophical sales approach

is the same as our coil lines. Short lead times, customized value added engineered solutions, and one point sales contact from the design phase until final shipment - these are all standard procedures for the **custom air cooler line.**
