**SUPER RADIATOR COILS LIMITED PARTNERSHIP
SOFTWARE LICENSE AGREEMENT**

Super Radiator Coils Limited Partnership ("Super Radiator Coils") has developed certain computer programs and related materials (its "Computer Products") and is willing to make them available to the company or person who signs the Software License Agreement Acknowledgment (the "User") only upon the condition that the User agrees to abide by the terms of this License. Therefore, subject to the following terms and conditions, Super Radiator Coils grants to the User a personal, non-transferable and non-exclusive right to use its Computer Products only under the following terms:

Section 1: General Copying Restrictions. User may only make copies of the Computer products, except as this Agreement specifically permits, when authorized to do so in writing by Super Radiator Coils. Unauthorized copying of the Computer Products (including Computer Products that have been modified, merged or included with other software) and the acquiring and using of unauthorized copies of the Computer Products may be both criminal and civil offenses for which User may be liable for fines, damages and attorneys' fees. User agrees not to provide or otherwise make available any of the Computer Products, including but not limited to program listings, object code and source code, in any form, to any person other than User, User's authorized employees or Super Radiator Coil's employees for purposes specifically related to User's authorized use of the Computer Products without the prior written consent of Super Radiator Coils. Super Radiator Coils shall have the right to terminate this License and to take legal action if the terms of this License are violated by User.

Section 2: Archival Copies. User may make archival back-up copies of diskettes containing the Computer Products, but only if such copies are for the User's use as permitted by this License and further provided, however, that no more than five (5) copies of the Computer Products may be in existence under this License at anyone time. User agrees to maintain appropriate records of the number and location of all copies of the Computer Products. The original, and any copies, in whole or in part, of the Computer Products which are made by User shall be and remain the property of Super Radiator Coils, provided, however, that Super Radiator Coils will have no ownership interest in the media on which the Computer Product may be recorded. Upon discontinuance of this License, all Computer Products including those that have been modified, merged, or included with other software will be completely removed there from and returned to Super Radiator Coils. User shall not have the right to copy any Computer Products which are provided by Super Radiator Coils in printed form under this License. Additional copies of printed materials may be acquired from Super Radiator Coils.

Section 3: Proprietary Rights of Super Radiator Coils. Super Radiator Coils' logo, product names, software, manuals, documentation and other support materials are either patented, copyrighted, trademarked or owned by Super Radiator Coils as trade secrets and/or proprietary information. User agrees not to remove any product identification or notices of such proprietary restrictions from Super Radiator Coils' Computer Products. Super Radiator Coils retains exclusive ownership of its software composing the Computer Products, its printed materials and trademarks. All techniques, algorithms and processes contained in Super Radiator Coils' Computer Products or any modification, merger or extraction thereof constitute trade secrets and/or proprietary information of Super Radiator Coils and will be protected by User in the same manner User protects User's trade secrets and/or proprietary information.

Section 4. Use With Multiple Computers or Terminals. This License permits User to use the Computer Products on a single computer and may not be transferred or assigned by User. In the event User intends to use a Computer Product on more than one computer, User shall notify Super Radiator Coils of such capability. If User's computer is or becomes capable of allowing multiple terminals to access common disk memory, User shall notify Super Radiator Coils of such capability.

Section 5: Update Policy. Super Radiator Coils may from time to time revise or update its Computer Products. Super Radiator Coils is not obligated to make any Computer Product revision⁵, or to supply such revisions to User.

Section 6: Termination of License. If any of the terms and conditions of this License are broken by User, in addition to all other legal rights and remedies Super Radiator may have, Super Radiator Coils may terminate this License by giving User notice of such termination. Upon termination, User shall return to Super Radiator Coils all of the Computer Products and copies of them, whether modified, merged or included with: other software, and shall certify in writing to Super Radiator Coils that User has not retained any of the Computer Products or copies of them. The provisions of this License which protect the proprietary rights of Super Radiator Coils shall continue in force after any termination of the License.

Section 7: Governing Law. This License shall be interpreted in accordance with the laws of the State of Minnesota.

Section 8: Disclaimer of Software Warranties and Liabilities. SUPER RADIATOR COILS COMPUTER PRODUCTS ARE DISTRIBUTED AND LICENSED "AS IS". ALL WARRANTIES, EITHER EXPRESS OR IMPLIED, ARE DISCLAIMED AS TO SUCH COMPUTER PRODUCTS AND THE QUALITY, PERFORMANCE OR FITNESS THEREOF FOR ANY PARTICULAR PURPOSE OR ANY OTHER MATTER. USER BEARS THE ENTIRE AND ALL RISKS RELATING TO THE QUALITY AND PERFORMANCE OF THE COMPUTER PRODUCTS. IN NO EVENT WILL SUPER RADIATOR COILS BE LIABLE FOR DIRECT, INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES WHICH ARISE FROM ANY DEFECT IN THE COMPUTER PRODUCTS. IF THE COMPUTER PRODUCTS PROVE TO HAVE DEFECTS, THE BURDEN OF THE COST OF ANY NECESSARY SERVICING OR REPAIRS WILL BE BORN BY USER, NOT SUPER RADIATOR COILS.
